CORRIGENDUM

Advertisement No. NISE/Apprentice/01/2026

Engagement of Graduate and Technician (Diploma) Apprentices under the Apprentices Act, 1961

With reference to Advertisement No. NISE/Apprentice/01/2026 dated 11.08.2026 inviting applications for engagement of Graduate and Technician (Diploma) Apprentices, the following clarification is hereby issued in respect of submission of applications through the National Apprenticeship Training Scheme (NATS) Portal:

1. Applications submitted through NATS Portal

Candidates who have registered/enrolled on the NATS Portal and applied for the apprenticeship opportunity of NISE through the NATS Portal shall not be rejected merely on the ground that they have not separately submitted the prescribed Application Form by email.

However, such candidates shall be required to submit the prescribed Application Form (Annexure-I) along with the requisite supporting documents specified in the advertisement to NISE at aoadmin@nise.res.in on or before 31.08.2026, wherever the required information or documents are not available or verifiable through the NATS Portal.

2. Completion of Application

The application shall be treated as complete only after the candidate has furnished the information and documents necessary for verification of eligibility, including educational qualification, age, category, previous apprenticeship/training and other particulars prescribed in the advertisement.

Candidates who fail to furnish the requisite information/documents by 31.08.2026 shall not be considered for further processing/shortlisting.

3. Eligibility and Selection

Submission of an application through the NATS Portal or submission of the prescribed Application Form shall not, by itself, confer any right to selection or engagement. All applications shall be subject to fulfillment of the eligibility conditions prescribed in Advertisement No. NISE/Apprentice/01/2026 and verification of the documents/information furnished by the candidate.

The selection shall continue to be made in accordance with the selection procedure and merit criteria prescribed in the original advertisement.

4. Other Conditions

All other terms and conditions contained in Advertisement No. NISE/Apprentice/01/2026 dated 11.08.2026 shall remain unchanged.

Candidates are advised to carefully comply with the above clarification within the stipulated time.
